You can download Looper Pack in 3 different formats:

Looper Pack - Ray Dynamic Texture AEP (1.5 GB).zip

Format: After Effects Project. We recommend this method only for those who have already purchased Ray Dynamic Texture. Compatible with all versions of After Effects after (and including) CS6.

Looper Pack - QuickTime Movies (1.5 GB).zip

Format: QuickTime. Set contains forty lossless black-and-white 2K (2048 x 1556) files, all ready to be used as Luma Mattes in After Effects. These can be easily looped in your comps using Time Remapping.

Looper Pack - PNG Sequences (1.5 GB).zip

Format: PNG. Set contains forty folders of PNG sequences, ready to be used as Luma Mattes in After Effects. Just like with QTMs, these are all lossless 2048 x 1556 2K files that can be easily looped in your comps using Time Remapping.
